

DIRECTED READINGS FORM

This form must be completed and on file in the Graduate Studies Office prior to the deadline for class scheduling.

NOTE: Please attach course syllabus

TITLE: RSM 7XX: Directed Readings in Marine and Atmospheric Science

700-LEVEL. CREDITS: 1

INSTRUCTOR: _____

SEMESTER OFFERED: _____

DESCRIPTION OF COURSE (OUTLINE OF SCHEDULED LECTURES, PURPOSE):

The goal of this directed readings course is to cover a wide range of current marine and atmospheric science topics, and to give students experience independently reading about recent advances in research. The course will also give the students an opportunity to practice presentation and communication skills. Students will be assessed based on their presentations and participation. Individual sections will be proposed by faculty to program directors, to be approved by the program academic committee. Proposals should include a description of the topic and the proposed reading list.
