THE BISCAYNE BAY AQUATIC PRESERVES PRESENTS:

connected
to the land, sea and community
SEAGRASSES
Bestowing the Beauty and Bounty of Biscayne Bay.
TUESDAY, MARCH 15, 6-7:30PM | UM RSMAS Seminar Room.
Learn about and discuss these underwater flowering plants
including how they provide nursery habitat for marine life, keep our
bay clean, and how we are working to protect them. Enjoy a showing
of WPBT Ch. 2’s “Changing Seas” program, featuring Biscayne Bay.

SEINE-SATIONAL! RSVP REQUIRED
SATURDAY, APRIL 2, 11AM-1PM | Biscayne Bay Environmental Center.
Get your feet wet! Discover what lives in the bay with biologists from Biscayne Bay Aquatic Preserves. Collect
fish and other marine animals using a seine net and other gear.

CONNECTED
WEDNESDAY, APRIL 13, 6-7:30PM | UM RSMAS Seminar Room.
Biscayne Bay serves as a hub for the connection of many distinct
habitats. While the landscape may change over time, what remains
constant is how we work to protect and conserve the bay. Learn
about our efforts and how we are all connected to this diverse and
resilient aquatic preserve.

UM RSMAS SEMINAR ROOM
located upstairs past the library.
From I-95: Exit Rickenbacker Causeway, go through toll ($1.50)
ono Crandon Blvd. Travel 2.5 miles and make a right at light at
Virginia Beach Drive. Visitor parking is in front of gate.

FREE ADMISSION AND FREE PARKING at both locations.
Refreshments at 6PM courtesy of the Friends of Biscayne Bay, Inc. followed by program at 6:30PM.

Seine-sational will be at the Biscayne Bay Environmental Center. From I-95: Exit NW 79th and head east for 2.5 miles.
Turn left off of causeway into Pelican Harbor Marina. Parking lot
on right.
